Important Notice

Turning a mattress correctly

For maximum life and comfort from your new mattress and to ensure full coverage of the issued warranty, don't forget to turn your mattress.

If you have bought the Never Turn Mattress, you only have to rotate the mattress in a complete 180°, head to toe, so the top will be at the end of the bed.

For all two sided mattresses, first repeat the step above and then flip the mattress completely over so the underneath will become the top.

Appearance of Body Impressions

Body impressions in the mattress may appear as the comfort layers in the mattress settle and conform to the contours of your body. Body impressions will vary depending on your sleeping habits. If you have a king size mattress and, are not utilizing the center of the mattress a ridge may form.

Keep your mattress clean

We do recommend purchasing a high quality mattress protector to ensure the longevity of your mattress, keeping it free from any kind of staining. Even if the mattress is found to be defective, but is in an unsanitary (soiled/stained/infested, or any other abuse); condition Spring Air reserves the right to refuse service and invalidate the warranty of your mattress.

Warranty Schedule

To determine the issued warranty and terms of your warranty, look at the warranty code on your mattress law label (see sample below).

The warranty code is X – Y

X = total limited warranty period (in years)

Y = free repair or change period (in years)

Repair or replacement charge = $1/X$ of dealer retail price times number of years of use.

Example:

If the warranty code is 20-20 it will be 20 years warranty, 20 years of free repair or replacement.

If the warranty is 15-5 it will be 15 years warranty, 5 years of free repair or replacement. Repair or replacement charge: $1/15$ of the dealer retail price times the number of years of use.

Attached to every sleep set is a law label (see sample at right) which includes a warranty code number. To determine the terms of your warranty match the warranty code with the appropriate line in the warranty schedule. If the product you purchased is discontinued at the time of repair or replacement, the current suggested retail price for a comparable model will be used.

The warranty code is here on the law label
