# Elevate your Comfort, Elevate your Style!

A 40+ Adjustable Base is an ideal addition to your bedroom

## Why Choose the 40+

The 40+ by Ergomotion is a unique solution for those who wish to enjoy their beds to the fullest!

The Ergomotion 40+ adjustable base is a simple and functional design. Its convenient head and foot adjustability is perfect for customers who want to watch TV, view their tablets or phones, lounge, or read their favourite book.

Its clean design will complement any style of home while providing an oasis of comfort for whenever you need it!

## Why Choose an Adjustable Base

With a simple touch of a button, adjustable bed bases transform your room to your work, rest, or relaxation needs. The preset positions are ergonomically correct, increasing blood flow and are designed to provide restorative sleep.

Plus, the built-in massage functionality is adjustable by intensity & duration providing further personalization and relaxation.
